

Colourful odds

Donate £2 to play

One of the objects below has been chosen as the winner, whoever guesses the object correctly will win a prize! Write your name below your chosen object and don't forget to donate.

1. Choose a winning object – make sure you keep it a secret!
2. We suggest players donate a minimum of £2 to pick a square, but you don't have to donate to take part.
3. Decide what the prize will be – something donated, a favour, or some of the money raised.
4. When someone claims and pays for a square, they must write their name below it. When all the squares have been claimed and the donations sent in, you can announce the winner.
5. Once the prize has been given out, all remaining funds will count towards your fundraising total.
