

# How many views?

Guess how many times our website support pages have been viewed this year. Whoever gets the closest guess will win a prize! Write your name, email /phone number and guess below. Don't forget to donate.

**Donate £2 to play**

## How to organise

1. Tear off the corner with the answer and keep it safely hidden.
2. We suggest players donate a minimum of £2 to take a guess. But you don't have to donate to play.
3. Decide what the prize will be – a donated prize, favour, or some of the money raised?
4. Players will need to write their name and guess on the sweepstake.
5. Once everyone has made their guess and the donations are in, you can announce the winner.

Once you have given out the prize, all remaining money raised will count towards your fundraising total.
